Talmudic Jews are not only censoring books and websites with domain registrars instead of servers, Talmudic Jews are also suppressing Technology and Medical Cures in Accordance to The Protocols of The Learned Elders of Zion, Ozone Water, Distilled Water, Baking Soda, Citrus Seed, all this stuff is anti cancer and big pharma a Talmudic Jew entity not only uses crappy chemo and pharma drugs instead, but supresses Free Energy, Earth Batteries, Your house ground is already an Anode, Hook a Motor Generator configured in Frot to several step up transformers, more energy comes out, Motionless Electromagnetic Generator, Negetive Resistor is another one, then Negative Hydrogen and Monoatomic Gold another supressed gem, You have a sevendy two degree angle panel, you have a tube of temperature reactive gas on that pannel going zig-zag with U's going to a Compressor Generator, powering it all hours of the day seven days a week, based on slight temperature changes, yet the FBI seizes the device that runs a compressor based on temperature changes and we are stuck with crappy Solar, Wind, Wave Energy when we know that does not work, and some Jews created fake energy and water crises when there is already primary water inside the Earth, and you can get clean distilled water from a simple device that uses wall electricity, all this stuff, kept away from the Goyim by Talmudic Jews, not only that, look at Computers, you know Solid State Drives and Cfast Drives solid state also would be more efficient than spinning hard drives that the bearings wear out and all the good solid state memory is kept away from us and is stored in Deep Underground Military Bases near Military Vents and we know this as Remote Viewers spotted Solid State Drives near military vents that are connect to the Deep Underground Military Bases, they have entire copies of our internet, they have better solid state memory than we do, they have better processor architectures and operating systems and kernels than we do and everything on the regular internet is basically inferior garbage or low quality material when the military uses the least lines

of code in their software, and is more open source than our software will ever be and we think in a linear fashion when the Military has everything in their deep underground bases and we do not, They have embedded computers that record us and see through our walls and you should not expect privacy in your own house as you the target are being live streamed to various peer2peer networks that are not part of the regular internet but a seperate WAN used by our Shadow Government that is solely part of the District of Columbia that spies on everyone and is tied to B'nai B'rith and The Freemasons aka your dumb order followers in Law Enforcement.

All the complications in the world and people are too brainwashed to realize how anything works so it is like these movies : Idiocracy , They Live, The Truman Show , Invasion of the body snatchers , 1984 , Monarch The New Phoenix Program , BLANK ... ;

Everyone is programmed by Television, Radio, Public Schools, Quack Doctors, the parents never pass their skills to their kids instead their kids get medicated by a bogus science called Psychiatry, Vaccines damage their brains, they all end up on the Eternal IEP, and some of them get a criminal or psychiatric record, this is our backwards society and previous ancestors knew how to fly aircraft, draft out schematics, weld, solder, sew, shoot a gun, skin an animal hyde, build a shed or homestead, build an outhouse, use various tools and appliances, basic life skills, fincial skills, money skills, and things that really matter.

People are even lacking in street smarts, I just now discovered UAC waves that go with the Scalar and Lilly Psychotrontic waves coming from WiFi, Bluetooth, 5G, Smart Meters, Cell Towers, GWENS, Fusion Centers, Aircraft, War Drivers in Vehicles, The Basic Power Grid is a Psychotrontic

Weapon along with Computers, Television, Cell Phones, Some Radios, anything digital, any smart
device, all of this stuff is used for Psychotronic Weaponry as it uses UAC, SCALAR, Lilly Waves,
and Extremely Low Frequency Pulsed Magnetic Fields below Twenty Cycles Per Second ... ;
You have people combating the system, they have a cell phone right, they degoogle it, set
an alphanumeric password, disable all the major apps, change the operating system to say
Graphene OS or some other OS, install F-Droid with Netguard to block the Apps that track then
uninstall all the major apps and just use The Desktop for most internet stuff as Phones have
an IMEI number and it is harder to get one that does not, you have to get a modded phone with
no IMEI number, Such as a ROB Braxman Phone, Then there is the PI Hole Router that blocks all
ads at the router, I still would only go online with Ublock Origin, Privacy Badger, Decentraleyes,
Canvas Blocker, and Return Youtube dislikes, Those five are my main and only extensions then I update
my etc hosts file with the Ultimate Hosts file list so that way I block even pornography as I do not
need that Talmudic Jewish Garbage, it is about as crappy as cringey black metal that blows and sucks ... ;
Nazi Music is better than Black Metal will ever be ABH not KMFTF remember that kids Moon Man Also ... ;
As for Energy, only politics creates a fake crisis, they shut down the Trans Alaskan Oil Pipeline that
would power many people who would need it they did that intentionally these Talmudic Jews that Lindsey
Williams blew the whistle on in a presentation called Secrets of the elite and The Energy Non Crisis,
If we just ran the Trans Alaskan Oil Pipeline prices would still be lower, now with Joe Biden of course
he is causing inflation everywhere including the gas and oil, that is not new, people are moving over to
propane because of it it is crazy, now we could easily go with nuclear as per now, but yes we do have
over unity and free energy just agencies such as the FBI and Talmudic Jews do not want us to have it and

Book Publishers are even censoring books about free energy, well no shit, all of this is going exactly in accordance to The Protocols of the Learned Elders of Zion and Kyle Odom Manifesto so none of this is new at all period. Also as well, say you have five volts from Three D Cells, hook that to an oscilator, relay, then step up transformers or motor generator in frot with another ac generator, you get more power out no matter what, and it is smart current, it could run this Desktop right here from Three D Cell Batteries, yet these Talmudic Jews want to shut down anyone who has a Motionless Electromagnetic Generator or some kind of Rife Solfeggio Schumann 7831 Device or Water Ozonator they want to shut them down and control them, people who make claims about colloidal silver, yep, they are shut down by Talmudic Jews, it is not new at all, the best weapon against usurous Talmudic Jews is Information, as Intellectual Property is uniform and hard for them to take over, you can only publish and that is about it, look at conductive rubber, if you used paper or conductive rubber to make a DC battery or Saline it would be better in so many ways that the competition would not like at all, they are the globalists and they want to silence anyone, gangstalk anyone, and they will even use Directed Energy Weapons to get rid of people, you see people with Rife Frequency or Pulsed Magnetic Field 7831 Schumann Earth Pulse are to be silenced and killed, that is the Freemason way, and anybody exposing Freemasonry for production of Child **** at the Masonic Lodges is to be silenced, same with anybody who links freemasons to known P*** networks they will be silence whistleblowing was their only crime exposing the freemasons for crimes was their only crime but they are to be silenced and killed because the Government are the Freemasons aka Order Followers and low levels and Talmudic Zionist Jews run them ... ; Sure Nuclear would be better than Solar, Wind, and Wave Energy, and yes your school teacher was a liberal T*** and we know that to be the case, we just have this Free energy aka overunity that would be even better that Freemasons and Talmudic Jews want to supress becuase are corrupt and run only corruption in our society,

There are known human traffickers at the Freemasonic Lodges, but you are not allowed to tell anyone, you have Maria Farmer interviews Whitney Webb, Karly Noel Franz, Katy Dylan Groves, all exposing the Freemasons, and you know these people aka goat people all cook their food in a Microwave Oven so we know how lost they are and they all block their third eye shakra by wearing sun glasses when it is sunny outside, we all get this, and these same people are all brainwashed by these six companies GE, VIACOM, TIME WARNER, Newscorp, CBS, Disney, and Rabbi Finkelstein the guy Rabbi Tells All exposed the Jewish Crime Network, and your search engines and press are all censored and controlled and every so often our internet and Archivers get scrubbed by the Establishment, so there is no point in wasting our time with any of this rabbit hole, so when our Ghost dies, it just goes to another band by a new name, and Robert Monroe some freakin new age remote view finally figured that out, So did Tim Rifat and his book about The Schumann Resonance Earth Pulse of Seven Eight Three One, as these people are all FEDS Agents, Actors, Shills, Hucksters, Schlubs, when we people have no money anyways and you know the rest of the Information is written in ASCII format by a Homeless Man rather than some Huckster that wants you to pay fifty a month for a watered down course that will help you with nothing in life ... ; I'm not even gonna name names, I'm just gonna point out fifty a month for a watered down course is only something a schlub, shill, charlatan, huckster, would ever do, anybody who is true would offer it for free, and say you have an antenna, a ground, static is between the two, it can move a generator, see that, that is why the system is rigged by fake politics which we know Israel and its big lobby and Zionism and The Talmud and all of that, we know that, and Nine Eleven being a Mossad Operation, all of this is old intel does not matter ... ; --Scott A. Older housing did not have all these codes and cocaine was legal.
